Libbey Glass Company

**Date**

late 19th-early 20th Century

**Medium**

Glass.

**Classifications**

Glass

**Credit Line**

Bequest of Edwin D. Dodd

**Object number**

2005.71

**Collections**

Glass

**Label Text**

A. Douglas Nash, who had previously operated Tiffany Furnaces in Long Island, New York, was hired by the Libbey Glass Company in 1931 to develop luxury handcrafted as well as machine-made products for institutional and domestic use. Some of these examples of Libbey's "New Era in Glass" were prototypes and never put into production.
